APPENDIX “Data Protection policy (for SaaS Service and Support)”

This Appendix applies to the processing of Personal Data in the context of the Agreement from the 25th of May 2018. If there is any inconsistency between any of the provisions of this Appendix and the provisions of the Agreement, the provisions of this Appendix shall prevail:

In this Appendix, the following definitions and rules of interpretation apply:

Applicable Law: The European Union Regulation 2016/679 from the European Parliament and the council on April 27th, 2016, related to the protection of the Personal Data of physical persons and the free circulation of that Personal Data, this regulation, repealing the Directive 95/46/CE (the “GDPR”), and any national implementing laws, regulations, as amended or updated from time to time, in France.

Personal Data: Refers to the personal data of data subject as defined in the Applicable Law that the Client processes in the context of the Agreement.

It is hereby agreed that this Appendix is in addition to the terms of the Agreement.

1 GENERAL PRINCIPLES:

1.1 In the application of the Applicable Law and in the context of the Agreement:

- The Client is data controller of the Personal Data or, when applicable, data processor of its own clients;
- Cegid is data processor of the Personal Data, processing exclusively on behalf and only on documented instructions from the Client.

1.2 The Parties recognize that the execution of the object(s) of the Agreement, as well as the use of the Service and its functionalities, in accordance with its documentation, form the documented instructions of the Client.

Any additional instruction concerning the processing of Personal Data by Cegid shall be given in written form. The instruction precises the purpose of processing and the operation to be performed by Cegid, provided that the Client agrees beforehand on the estimate from Cegid for the additional instruction.

Cegid undertakes to inform the Client in a period of five (5) days from the date of the receipt from Cegid of the instruction by any means, if, in its opinion, an instruction infringes the Applicable Law.

1.3 The Client recognizes that it has the exclusive control and knowledge, and notably, of the origin of the Personal Data processed for the execution of the Agreement. Consequently, the Client undertakes to respect its obligations as data controller.

1.4 Cegid will delete the Personal Data and its copies in accordance with the applicable dispositions of the Agreement, unless any applicable law requires storage of the Personal Data.

1.5 The Client shall inform Cegid, when signing the Agreement, of the person to contact for all information, communications, notifications, or requests in application of the present Appendix. If the Client does not provide Cegid with this information, the signatory will be considered as the relevant contact person.

1.6 If it is strictly necessary of the execution of the Agreement, Cegid may transfer Personal Data provided that the Client is informed beforehand of such transfer. In any case, Cegid shall not transfer Personal Data, without implementing the appropriate safeguards in application of article 46 of the GDPR, outside:

- the European Union

- the European Economic Area

- a third country or territory recognized by the European Commission as ensuring an adequate level of protection in application of the Applicable Law, including companies established in the United States of America certified under the “Privacy-Shield” framework.

In any case, the Personal Data entrusted to Cegid is localized at one or more sites in the European Union.

2 SECURITY OF PERSONAL DATA

2.1 In accordance with article 32(1) of the GDPR, Client and Cegid undertake to implement appropriated technical and organizational measures to ensure a level of security appropriate to the risk. The measures taken by Cegid are listed in a document presenting security measures, which last version is available to the client on request.

2.2 Cegid is exclusively responsible of the security of the Service for the aspects falling under its control. Hence, the Client is responsible of the security and the confidentiality of its systems and its policy to access to the Service. The Client shall ensure that the use and the configuration of the Service meet the requirements of the Applicable Law. Cegid is not bound by any obligation to protect personal data stored or transferred out of the Service by the Client or by Cegid under instruction of the Client.

2.3 Cegid ensures that persons authorized to process the Personal Data have committed themselves to confidentiality.

3 COOPERATION WITH THE CLIENT

3.1 Cegid shall communicate to the Client without undue delay after receipt, any request, investigation or complaint that could be submitted by any data subject concerned by the processing of its Personal Data in the context of the Agreement.

Acting as data controller, the Client shall remain responsible of the answer to be provided to data subject and Cegid shall not answer to such requests. Nevertheless, taking into account the nature of the processing of the Personal Data, Cegid undertakes, by appropriate technical and organizational measures, insofar as this is possible, to assist the Client for the fulfillment of its obligation to respond to those requests.

3.2 Upon written request of the Client, Cegid provides the Client, at the expenses of the latter, with all the useful information in its possession in order to help the Client, as data controller, to satisfy the requirements of the Applicable Law concerning the privacy impact assessment related to the protection of Personal Data carried by and under the sole responsibility of the Client and the prior consultation before the French supervisory authority (CNIL) that could arise.

4 NOTIFICATION OF DATA BREACH

4.1 Cegid shall notify the Client without undue delay after becoming aware of any breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, Personal Data transmitted, stored or otherwise processed (“Data Breach”).

4.2 Cegid shall provide the Client without undue delay after the notification of the Data Breach and insofar as this is possible, the following information:

-the categories and approximate number of data subjects concerned

- the categories and approximate number of Personal Data records concerned;
- describe the likely consequences of the personal data breach;
- describe the measures taken or proposed to be taken by Cegid to address the Data Breach, including, where appropriate, measures to mitigate its possible adverse effects.

5 PROCESSOR

- 5.1 Cegid may engage sub-processor for Personal Data processing that are strictly necessary for the execution of the Agreement.
- 5.2 Cegid undertakes to engage sub-processors that provide sufficient guarantees to implement appropriate technical and organizational measures in such a manner that the processing will meet the requirements of the Applicable Law.
- 5.3 Cegid shall impose to its sub-processors, by way of an agreement, Personal Data protection obligations at least equivalent as those set out in the Agreement and in the Applicable Law. Cegid shall remain fully liable to the Client for the performance of that sub-processor's obligations.
- 5.4 Cegid may only engage a sub-processor which:
- is established in one of the member states of the European Union or the European Economic Area, or;
 - is established in the United States of America and is Privacy Shield certified, or;
 - proposes one of the appropriated safeguard in application of article 46 of the GDPR.
- 5.5 The list of the sub-processors of Cegid is provided on written request. Cegid undertakes to inform the Client of any addition or replacement of sub-processors as soon as possible. This information constitutes the information to the Client as specified in article 1.6.

The Client is allowed to object in writing to such addition or replacement in a period of ten (10) business days from the reception of the information.

The absence of objection from the Client after this period means its acceptance of the sub-processor.

In case of objection from the Client, Cegid may provide the Client with elements that could lift its objections. If the Client maintains its objections, the Parties undertake to discuss in good faith of the continuation of the Agreement.

6 COMPLIANCE AND AUDIT

- 6.1 On request, Cegid will send to the Client any document necessary to demonstrate Cegid's compliance with its obligations as a processor under the Agreement by e-mail. Any other method for sending these documents will be at the Client's expense.
- 6.2 The Client may request additional explanations from Cegid if the documents provided do not enable it to verify Cegid's compliance with its obligations as a processor under the Agreement. In such case, the Client should make a written request to Cegid, by registered letter with acknowledgement of receipt, in which it justifies and documents its request for further explanation. Cegid undertakes to answer the Client as soon as possible.
- 6.3 If, despite Cegid's answer, the Client questions the veracity or completeness of the information transmitted or in the event of imminent risks to the security of Personal Data, the Client may carry out an on-site audit subject to compliance with the following conditions:

- (i) the Client makes a written request for an on-site audit to Cegid, by registered letter with acknowledgement of receipt, by justifying and documenting its request;
 - (ii) Cegid undertakes to provide a response to the Client specifying the scope and conditions of the on-site audit. Since the security of Cegid's information system and data centers is based on their restricted access, the scope of an on-site audit will be limited to Cegid's processes enabling to operate the Service as a processor for the processing of Personal Data entrusted to Cegid by the Client. The audit shall not exceed two (2) business days which will be invoiced by Cegid to the Client at the rates in effect at the time the audit is carried out;
 - (iii) This audit may be carried out by the Client's internal auditors or may be entrusted to any service provider chosen by the Client that is not a competitor of Cegid;
 - (iv) Auditors must make a formal commitment not to disclose information collected at Cegid regardless of how it is obtained. A nondisclosure agreement must be signed by the auditors and communicated to Cegid before the audit takes place.
- 6.4 As part of the audit, Cegid will provide access to its premises, and generally to the documents and persons necessary for the auditors to conduct the audit in satisfactory conditions. It is understood that this audit must not have the effect of disrupting the operation of the Service.
- 6.5 The audit report must be made available to Cegid by the auditors before being finalized, so that Cegid can submit any comments, and the final report must take into account and respond to these comments. The audit report will then be sent to Cegid and discussed at a meeting between the Parties.
- 6.6 In the event that the final audit report reveals any breach of the commitments made in relation to the Service, Cegid must propose a corrective action plan within twenty (20) business days of the meeting between the Parties.
- 6.7 For the purposes of this clause, "business day" means a day between Monday and Friday which is not a public holiday in metropolitan France.
- 6.8 Except if changes of circumstances and events justify the implementation of an audit within a shorter period, audits may be carried out by the Client on Cegid's site only once during the initial period of the Agreement, and subsequently only once per renewal period.

7 DESCRIPTION OF THE PROCESSING

The nature of the operation conducted on the Personal Data, the purpose of the processing, the Personal Data processed, the category of data subject concerned and the duration of the processing are described in the dedicated document available on the online client portal.
